9401 Hurstbourne Trace  
Louisville, KY 40222  
(502) 429-9070

Room Rates \$129-\$139 per night.

## Course Description

### "Jewels You Can Use on Monday"

A colleague once told me the difference between a good dentist and a great dentist is a minute along with a few hours of good continuing education. Jewels you can use on Monday is a series of clinical techniques, used by key opinion leaders in dentistry, to streamline and make your practice more productive. This program is designed for everyone from the dental student to the veteran practitioner about to retire.

I will demonstrate how to incorporate Evidence Based Dentistry (EBD) into your practice, restore the difficult class II posterior composite, obtain perfect impressions, and simplify the porcelain fused to metal crown repair process. You will learn how to restore the tooth with a large open box or missing cusp back to proper form and function. You will see there are no excuses for a less than perfect impression. Learn how to manage bleeding and saliva.

Upon completion of this course you will have a better understanding of what techniques and materials you can seamlessly incorporate into your practice. I will give you systems that allow you to work faster and more efficiently saving you thousands of dollars per year.

#### Objectives:

- Exposure to Evidence Based Dentistry (EBD) and how to use it in daily practice.
- Understand how to restore the difficult class II composite restoration.
- Control the flow of saliva and bleeding.
- Salvage a PFM or Zirconia porcelain fracture.
- Provide you with new tools to take better dental impressions.
- Save you time and money while providing better patient care.

## Agenda

University of Louisville Event and  
Conference Service Center at Shelby Campus  
312 North Whittington Parkway, Louisville, KY 40222  
(502) 852-6456

## Presenter

**Dr. Marc M. Gottlieb** was born and raised on Long Island, attended Union College in Schenectady New York and then shuffled off to Buffalo for Dental School. While at the University of Buffalo he received many academic scholarships, awards and fellowships.

After graduation from dental school Dr. Gottlieb went on to a two-year post-graduate residency program at Long Island Jewish Medical Center This unique opportunity provided advanced training in anesthesiology and all the specialties of dentistry.

Dr. Gottlieb is currently on staff at Stony Brook University Hospital and maintains a full time private practice. For the past three years made Dentistry Today's list of top CE providers.
